Position	Lead Zookeeper- Carnivores
Facility	Fresno Chaffee Zoo
Location	Fresno, CA
Job Summary	Lead Zookeeper Carnivore - The Fresno Chaffee Zoo is developing a breeding group of African Lions and the Lead Zookeeper will play a key role in coordinating and developing an enthusiastic team. The Carnivore team currently cares for 1.2 Lions, 2.2 Meerkats and 0.2 Cheetah. A large number of enrichment opportunities have been built into the project and most training will be conducted at a detailed protected contact wall in one of our guest areas.
Essential Functions	To be successful in this role the Lead Zookeeper must demonstrate strong leadership and work cooperatively with all zoo staff and the variety of species on the savannah. A comprehensive understanding of animal training and conditioning methods is essential to succeeding in this role.
Other Duties and Responsibilities	<p>Responsibilities</p> <p>The Lead Zookeeper acts as a working lead and communication liaison between zookeepers and curators, ensuring communication flows effectively from curators to zookeepers and from zookeepers to curators. This position requires the ability to lead area staff in a daily routine, using available resources to complete all the goals and responsibilities of the department. The lead zookeeper is responsible for communication creating a cohesive team that can successfully meet team objectives. This position assists in addressing issues in the section and maintains consistent expectations with the keepers as established by the assistant curators. This position performs skilled animal husbandry, observation and enclosure maintenance for a variety of taxa. This position develops, maintains and advances the training and enrichment programs for a variety of species. This position also requires the ability to present demonstrations and animal talks throughout the day. Responsibilities of this position also include providing an excellent guest experience while providing for the care, feeding, maintenance and observation of animals, as well as recordkeeping and assisting with movement of animals as directed. This position also assists with veterinary procedures as required. Performs other duties as assigned.</p>
Knowledge, Skills and Abilities	
Education & Experienced Required	Three years experience in the care, handling and feeding of animals in a zoological or aquarium setting is preferred. Experience as a team leader and experience working in or leading a formal, structured training program is preferred. A Bachelor's degree (BA or BS) from an accredited college or university; and one year

	<p>related experience and/or training; or an equivalent combination of education and experience required.</p> <p>Twelve units of accredited college or university level course work in animal science, zoology, biology, wildlife management, or related field may be substituted for six (6) months experience. Experience in an AZA facility is preferred. Requires a valid California driver's license and good driving record. Good written and verbal communications skills are essential. Must be able to work evenings, weekdays, weekends, and holidays.</p>
Licenses and Certifications Required	
Physical Requirements	<p>Good physical condition: ability to lift a minimum of 75 lbs. (i.e. feed sack) and move a minimum of 100 lbs. (i.e. hay bale). While performing the duties of this job, the employee is regularly required to stand; walk and reach with hands and arms. The employee is occasionally required to sit; climb or balance; stoop, kneel, crouch, or crawl. Vision capabilities required include close, distance and peripheral vision, depth perception and ability to adjust focus. Evaluating animal health, diet, or environment requires hearing and smell. Interaction with guests and animals requires talking and hearing. While performing the duties of this job, the employee is occasionally exposed to wet or humid conditions (non-weather) and outdoor weather conditions. The employee is occasionally in direct contact with exotic animals and is occasionally exposed to work near moving mechanical parts; work in high, precarious places. The noise level in the work environment varies. Occasional loud noises from visitors, animals or equipment are experienced.</p>
Working Conditions	
Salary
