Position	Water Quality Assistant Technician
Facility	Memphis Zoo
Location	Memphis, TN
Job Summary	This position will assist with the daily monitoring and preventative maintenance of all water and filtration systems within animal and public areas of the total zoo.
Essential Functions	Responsibilities include: conducting daily and weekly water quality tests and adding chemicals as appropriate to regulate systems; operating, troubleshooting and maintaining life support and safety systems for marine mammal and other species; assisting with pool cleanings; maintenance and repair to Zoo equipment, property, and structures.
Other Duties and Responsibilities	Completing other manual labor duties as assigned, which may include inspecting, repairing, installing, modifying, constructing, and maintaining equipment or structures, as directed; performing general labor; working with contract labor to ensure work is completed properly and timely, as assigned; operating non-licensed equipment to maintain grounds; performing general maintenance of non-licensed equipment and machines, including fueling, lubrication, washing, etc; applying coats of paint, varnish, stains, enamels or lacquer to decorate and protect interior and exterior surfaces, trimmings, and fixtures; ordering job related materials as necessary; and other duties as assigned.
Knowledge, Skills and Abilities	Must be able to work both independently and with a team; communicating with City and Zoo staff, vendors, and public; requires using equipment such as hand tools, power tools, testing equipment and ladders; handling and manipulating tools and equipment.
Education & Experienced Required	Requires high school diploma plus one year of vocational training and three years general maintenance experience (or the equivalent combination of education, experience and training which provides the necessary skill and abilities).
Licenses and Certifications Required	Preference will be given to candidates who possess scuba certification.
Physical Requirements	Must be a proficient swimmer; must be able to sit, stand, walk, stoop, bend, pull, climb, lift, kneel, crouch, and crawl when performing various maintenance requirements; ability to perform work requiring physical exertion throughout the day; must be able to reach for, handle and lift up to 50 lbs.; walking and standing for long periods of time; and visual acuity to inspect repairs and maintenance. This position requires the applicant to swim with proficiency.
Working Conditions	We are a seven day a week operation, and schedule may include weekdays, weekends, holidays, or occasional evenings as needed or may be required to work long hours in the event of an emergency. Work

	may include exposure to fumes, odor, dust, noise, and confined spaces and will require use and wear of protective gear as necessary.
Salary	DOE. Non-exempt hourly position is full-time regular and will be eligible to enroll for insurance benefits after 90 days of continuous employment and will be eligible to earn paid leave.
Respond To	Apply online only at <a href="https://memphiszoojobs.silkroad.com/">https://memphiszoojobs.silkroad.com/</a>
