

Position	Life Support Technician
Facility	Marineland Florida Dolphin Adventure
Location	St. Augustine, Florida
Job Summary	Operation of life support systems, equipment maintenance, basic laboratory testing, record keeping and general housekeeping along with inventory duties
Essential Functions	Operate life support systems in a safe, reliable fashion performing routine maintenance items, basic laboratory testing and reporting on any shift assigned. Provide adequate communication via shift logs and verbal tie-ins along with any other duties deemed necessary by supervision.
Other Duties and Responsibilities	Interact as a team member with all facility teams and function where and how needed
Knowledge, Skills and Abilities	Prefer at least 3 years previous marine life support experience or equivalent water treatment processing. Possess a general understanding of fluid hydraulics & process controls along with mechanical knowledge associated with water processing equipment.
Education & Experienced Required	Minimum high school diploma or equivalent. Preferably possess a Level 1 AALSO life support certification or other equivalent certifications in water or wastewater treatment.
Licenses and Certifications Required	Licensure as a drinking water, wastewater or AALSO certified LSS operator preferred but not required.
Physical Requirements	This position requires lifting, bending, walking and climbing.
Working Conditions	Working both indoors and primarily outdoors in a variety of weather conditions in a Florida seaside environment.
Salary	Negotiable
Respond To	Send Resumes to: Jennifer Gilbert: jgilbert@marineland.net Job related questions to Gregg Case: gpchir@aol.com or Keith Flynn: kflynn@marineland.net
